- Web Development: HTML, CSS, JavaScript
- Content Management Systems: WordPress
- Data Analysis & Visualization : Tableau (including dashboarding), Machine learning analysis

PERSONAL

- Public speaking and Communication
- Content writing
- Entrepreneurship
- Critical Thinking

PROFILE SUMMARY

Computer Science and Engineering undergraduate at Kalasalingam Academy of Research and Education with a strong foundation in programming (C, Java, Python) and front-end development. Skilled in data analysis and dashboarding with Tableau, along with a basic understanding of machine learning techniques. Known for strong public speaking, critical thinking, and entrepreneurial mindset. Enthusiastic about taking on new challenges—believing that even if something is new, I have the drive and ability to learn and deliver effectively.

PROJECTS

Airline Management System | C programming

- Developed a console-based application simulating an airline management system as part of an academic project.
- Implemented core functionalities including a welcome/home page, flight booking, and flight cancellation.
- Applied structured programming concepts and user input handling in C to manage bookings and display dynamic content.

La Mira - Fashion E-commerce Website | Wix Website Builder

- Developed and launched a fashion-oriented e-commerce website on Wix, featuring products for both men and women.
- Crafted a user-friendly interface that includes clear product categories, contemporary visuals, and a responsive design.
- Integrated vital components such as contact forms, shopping sections, and promotional banners. Prioritized branding, visual appeal, and seamless navigation to improve the customer experience.
- Website: [la-mira](https://kamalaasri1325.wixsite.com/la-mira) (<https://kamalaasri1325.wixsite.com/la-mira>)

Personal Portfolio Website | HTML, CSS, JavaScript

- Developed a responsive personal portfolio website to showcase projects, skills, and achievements.
- Designed a clean and modern UI using HTML and CSS, with interactive features powered by JavaScript.
- Implemented smooth navigation, animations, and a contact form to enhance user engagement.
- website : www.kamalaasri.com

LANGUAGES

- Tamil: Native
- English: Professional
